

SGT400机组基础信息明细表

SGT400 Unit Basic Information Schedule

说明 / Description: 我方已完成机组全部核查项全面核验，设备参数、运行数据、系统状态、技术资料及备件信息**全部真实齐全、完整可提供**，无缺失、无隐瞒。可全力配合后续核验、商务对接及资料移交工作。

We have completed full verification of all unit inspection items. All equipment parameters, operational data, system status, technical documents and spare parts information are **fully available, authentic and complete** with no omission. We support all subsequent verification, business liaison and document handover.

序号 N	核查大类 InspectionCategory	具体核查内容 DetailedInspectionItems	我方反馈结果 FeedbackResult	补充说明 SupplementaryRemark
1	机组时间信息Unit Time Information	设备制造年份、安装年份、正式投运年份 Year of unit manufacturing, installation and official commissioning	1. 机组生产2019年； 2. 2020年安装投产。 Manufactured in 2019; installed and commissioned in 2020.	 
2	设备成套完整性 Equipment Completeness	核查整套设备配置完整性：燃气轮机、发电机、辅助系统、控制系统、润滑油系统、燃气系统、冷却系统、启动系统、进排气系统、电气系统等全套配套设备 Check the completeness of full-set equipment, including gas turbine, generator, auxiliary system, control system, lubricating oil system, gas system,	可完整提供 Fully available	可提供完整设备成套清单，确认机组成套配置完整 Full equipment package list is provided to verify complete unit configuration

序号 N	核查大类 InspectionCategory	具体核查内容 DetailedInspectionItems	我方反馈结果 FeedbackResult	补充说明 SupplementaryRemark
3	设备供货范围 Equipment Supply Scope	包含设备、不含设备、已拆除设备、现场留存设备、需另行报价项目、可提供资料明细 Included equipment, excluded equipment, removed equipment, on-site retained equipment, items requiring separate quotation, available document list	1. 包含燃气轮机正常运行全套设备； 2. 不包含汽轮机和余热锅炉主机及辅机备。 3. 所有设备均未拆除。 It covers the full set of equipment for normal operation of the gas turbine, excluding the main and auxiliary equipment of steam turbines and waste heat boilers. All equipment is	客户可现场核验。 The client may conduct on-site verification.
4	机组运行时长数据 Unit Operation Data	机组累计运行小时数 Total accumulated operating hours of the unit	1.MW451 运行237小时 2.MW449 运行243小时	 
5	机组启动次数数据 Unit Start-up Data	机组累计启动次数 Total accumulated start-up times of the unit	1.MW451 启动36次 2.MW449 启动33次	 

序号 N	核查大类 Inspection Category	具体核查内容 Detailed Inspection Items	我方反馈结果 Feedback Result	补充说明 Supplementary Remark
6	燃料配置参数 Fuel Configuration	现有燃料类型（天然气/柴油/液体燃料/双燃料）、是否支持改造双燃料、是否具备液体燃料运行能力 Existing fuel type (natural gas/diesel/liquid fuel/dual fuel), dual fuel modification	天然气单燃料 Currently configured for single natural gas fuel operation.	支持改造双燃料、具备液体燃料运行能力 Dual-fuel conversion is supported, and the unit is equipped with liquid fuel operation capability.
7	辅助系统现状 Auxiliary System Status	现场管道完整性、电缆完整性、各系统连接及整体完好状态 On-site pipeline integrity, cable integrity, system connection and	完整提供Fully available	系统管路、电缆及连接状态完好，可现场核实验 All pipelines, cables and system connections are intact and available
8	全套技术资料文件 Full Set of Technical Documents	维护记录、运行日志、OEM原厂证书、保养记录、封存/保存报告、检修记录、技术文件、设备图纸资料 Maintenance records, operation logs, OEM original certificates, upkeep records, preservation	可完整提供 Fully available	全套纸质及电子技术资料齐全，支持完整移交，客户可现场核实验 Complete hard and soft copy technical documents are ready for handover
9	随机备件配置 Spare Parts Configuration	随机备件包包含：过滤器、密封件、传感器、阀门、控制模块、热端备件、常规易损件等备件明细及状态 Spare parts package including filters, seals, sensors, valves, control modules,	备件不提供 No spare parts provided.	备件需要额外进行结算报价 Spare parts are subject to separate quotation and settlement.

注：机组设备清单请见附录文件。

Note: Please refer to the appendix file for the unit equipment list.

中文：本机组时序参数、成套设备、供货范围、运行数据、燃料配置、系统工况、技术资料及随机备件信息均真实完整、准确无误。我方可现场配合客户完成审核、验收及商务对接工作。

English: The unit's timing parameters, full-set equipment, supply scope, operational data, fuel configuration, system condition, technical documents and spare parts information are authentic, complete and accurate. We are available on-site to support customer's inspection, acceptance and commercial coordination.
